December 10, 2024

To the Stakeholders of the West Valley Mosquito and Vector Control District,

Due to the decreased utilization of our bee services and the increased threat of invasive mosquito-borne diseases, the Board of Trustees for the West Valley MVCD has decided to discontinue all non-structural bee removal services.

If your organization needs assistance with bees/bee removal, we recommend utilizing the following resources:

Bee swarms

www.honeybees911.com

<https://www.pollinator.org/learning-center/bee-rescuers#101>

<https://www.beekeepersassociationofsoutherncalifornia.org/>

Beehive removal

www.beeremovalsource.com

<https://www.beekeepersassociationofsoutherncalifornia.org/>

Sincerely,

Michelle Brown, PhD
District Manager
